THE NILViewVal™ MODEL

NILViewVal v3 calculates two distinct numbers every agent needs:

Brand Deal Rate

What companies pay for posts

Inputs: Social reach, engagement rate, sport multiplier, school tier, position premium, market size, on-court stats, draft status, seasonal CPM

Roster Value

What collectives pay to be on the team

Inputs: Sport-specific collective budget, real 2025-26 portal deal anchors, position scarcity, draft premium, stat production, archetype score (/99)

12 VALUATION INPUTS

Social Reach (IG + TikTok)	On-Court Stats (PPG/RPG/APG/FG%)	School Tier (P4-Top10 to D2)
Engagement Rate vs Sport Avg	Draft Status (Lottery = 2.5x boost)	Position Scarcity Premium
Market Size (LA/NYC/Dallas +20%)	Sport Multiplier (18 sports)	Collective Budget (70+ programs)
Seasonal CPM Adjustment	Archetype Score (/99)	NIL Trajectory by Year
